

# How to Schedule a Scenario

Plan a short practice run so your household can rehearse what to do.

**My places > select a place > Practise > Create a practice run**

## Set up the run

1. Open your place and, under **More for this place**, tap **Practise**.
2. Tap **Create a practice run**. Under **Other ways to start a run** you can also copy one from the library.
3. Give the run a recognisable **Name**.
4. Under **When**, choose a future **Date** and a **Time window**. The app picks a random start inside that window.

### Example: Bushfire evacuation practice

Practise leaving home safely with the household and pets. Choose a time window when everyone is likely to be available.

Create one yourself or copy one from the library.

Set the date and practice window.

# Add Events and Actions

## Finish scheduling

1. Under **Events during the run**, tap **Add event** and describe something that happens, such as *Emergency warning received*.
2. Under **Actions to practise**, tap **Add action** and enter what you plan to do, such as *Collect emergency kit and pet carrier*.
3. Add more events or actions if they make the practice useful.
4. Tap **Schedule practice run**. You need a name, a date, and at least one event and one action. The end time must be after the start time, and the window must not overlap another run.
5. Confirm that the run appears under **Coming up**.

**Not ready?** Tap **Save as draft** and return later. Drafts wait under **Unfinished drafts**.

**Resilient Street** ?

cannot rehearse for one exact moment.

Start 9:00 AM End 12:00 PM

**Events during the run \***

Add the things that go wrong during the run, like a smoke alert or an evacuation warning. They fire in order, a few minutes apart. Add at least one.

Emergency warning received Remove

Add event

**Actions to practise \***

List what you plan to do during the run. It stays hidden while you practise, so you find out afterwards what you forgot. Add at least one.

Collect emergency kit and pet carrier Remove

Add action

Schedule practice run

Save as draft

Home My places Progress More

At least one event and one action are required.

**Resilient Street** ?

**Practice runs**

Rehearse your plan for Guide Demo Area now. A real bushfire will not wait while you work it out.

**Coming up** 1 planned

**Bushfire evacuation practice**  
Planned for 10/8/2026
